Thank You!

Falmouth Museums on the Green, home of the Falmouth Historical Society, sits on a two-acre campus overlooking the Falmouth Village Green.

The 1790 **Wicks House** displays furniture, fine art, toys and textiles through which we see how the townspeople lived over the centuries. One special exhibit depicts the art of pre-Civil War medicine practiced by Dr. Wicks. (Be happy you live today!)

The Visitors' Center and ticket office is located in the replica Hallett Barn, a welcoming place with revolving exhibits on Falmouth's past as well as the **Whaling Wives Gift Shop**.

Members of the Falmouth Garden Club maintain three delightful gardens on the grounds, the **Colonial Garden**, the **Herb Garden**, and the **Memorial Woodland**. Visitors are welcome to stroll or relax in the gardens during daylight hours year-round.

The newly renovated 1730 **Conant House**, open year-round, exhibits a timeline of Falmouth History. This building also houses our offices, archives and the Collis Research Library, open by appointment.

Our **Cultural Center** hosts a variety of lectures, public programs, and exhibitions. **Private rentals are also available.** For more information, see www.museumsonthegreen.org

For private rental information:
info@museumsonthegreen.org

All buildings except Wicks House are wheelchair accessible.

Supporting Your Museums Helps Your Community!

Three buildings and lots of history!

The Museums on the Green (MOG), a treasure trove of artifacts and information, tells the story of our town. The 1795 Wicks House displays the 18th century home of Dr. Francis Wicks, an early adopter of small pox vaccination. The 1730 Conant House exhibit explores the timeline of Falmouth History. The replica Hallett Barn and attached Cultural Center show revolving exhibits from our unique collections, as well as a lovely space for our year round lecture series and private rentals.

MOG strives to be an interesting destination for residents and visitors. We believe that the more people know about the rich heritage that surrounds us, the more they will see themselves as a part of Falmouth's continuing story. We are an active member of the town's business community and a collaborator and supporter of our broader cultural community.

MOG maintains an extensive digitized research library, including access to AmericanAncestors.org, which is available at reduced rates to members by appointment. Our resources are available to the general public with minimal fees.

We Rely On Your Support to:

- SAFEGUARD OUR 18TH-CENTURY HOUSES
- PROVIDE FREE SCHOOL PROGRAMS
- PRESERVE OUR ARTIFACTS, PHOTOGRAPHS AND RARE DOCUMENTS
- SPONSOR FREE COMMUNITY PROGRAMS
- CONTINUE TELLING THE STORIES OF FALMOUTH
- DEVELOP NEW EXHIBITS
